

TEXAS IN TYPE.

TEXAS CROPS AND WEATHER.

The black-jack lands we consider very valuable at \$10 an acre, and as gardening we do not think they have their superior in the state. Homes can be made very cheaply, and it is a money-making business from the start for those who understand high growing and gardening. (Aransas County News.)

There has been carried on near Pecos County with great success, there being 100 acres in cultivation in all, and 100 in the South Side.

Mr. S. H. Henson, who lives near Scottsboro, has carried on twenty-six acres of corn, 100 bushels of sweet potatoes and thirty-three gallons of ribbon. He was assisted by two boys.

Short ride along the truck route, the 10th instant, and found the crops in good condition. Garden truck is in good condition, and we saw no less than 100 bushels of sweet potatoes, and 100 bushels of corn. and though there is an abundance of water for all possible uses, the Pecos river company propose to extend their works to the Pacific road, or as near to it as the level valley will permit.

The business of the Gainesville postoffice for the month of October shows that the amount of Uncle Sam to be in a prosperous condition. The receipts and business generally for the month mentioned are much greater than for any other month in any one month since the existence of that office.

Ballinger, Rusk county, Judge J. I. Guion is putting up a handsome \$5000 house to replace the one burned a couple of months ago.

Greenville, Hunt county.—The city council have ordered the erection of a new calaboose in the place of the one destroyed by fire a short time ago.

TEXAS MILLS AND FACTORIES.

Machinery has been ordered for a cotton gin at Santa Lucia, and additions are to be made to it next year, embracing a flaring mill, both run by water power, of which there is an abundance easily and cheaply obtained.

DENISON, GRANT COUNTY, Nov. 13.—The huge cotton gin in this city, which was erected at a cost of \$250,000, is at last on a firm financial footing, and in the near future will be in action for certain. Mr. A. R. Childs of Vermont and Mr. Foster of New Hampshire, gentlemen representing the Eastern stockholders, are in the city, and yesterday a meeting was held and funds were raised with which to pay off the indebtedness of the institution. It is the plan of the management to issue \$200,000 bonds for fifteen years at 6 per cent, which sum will equip and start the mill and give \$50,000 working capital. The capacity of the mill is 25,000 spindles, 750 looms, employing 600 hands, consuming 5000 bales of cotton per annum and twenty tons of starch, with a total output of cloth of 1,000,000 yards. About \$100,000 per month will be paid out for cotton. This is the largest cotton mill west of the Mississippi river. In the plant will be \$200,000 in the latest improved machinery. A great portion of the machinery is already in the building and the balance will be placed at once so manufacture can begin by February 1.

TEXAS NEWS AND NOTES.

The Texas Press New Era understands that the deep water mill will discontinue and form a new organization.

Georgetown, WILLAMSON COUNTY, Nov. 12.—The commissioners' court in session this week are giving special attention to roads as well as other important matters. They will likely consume the entire week in their labors.

Ballinger, Rusk county.—S. J. Carpenter has bought out the Ballinger saddlery and harness company and transferred the stock to his saddle establishment, thereby having the two stocks in one.

Della Plain, Floyd county.—Mr. J. S. McCallin, our present commissioner, has resigned, resignation to take effect the 15th instant, much to the regret of his neighbors, as he was a most efficient officer. He contemplates moving to another part of the county, hence the resignation.

QUANAH, HARDEN COUNTY, Nov. 12.—County court adjourned Thursday. Commissioners court convened Thursday.

TEXAS IMMIGRATION.

Several settlers, writes the Santa Lucia correspondent of the Pecos Valley News, have recently come in on the north side from California. They are loud in their praise of the country, claiming that it can do all that that great fruit-growing state can do.

Mr. George Briggs has closed a trade with Messrs. Brooks, Rogers and Jones for his colony tract in the Pecos valley. The colonists will go on it at once and will soon have it in cultivation.

QUANAH, HARDEN COUNTY, Nov. 12.—Considerable real estate has changed hands in Hardeman county the past week. Home-seekers are coming in pretty fast.

GALT, BORDEN COUNTY, Nov. 11.—There is a steady increase of Borden county's population. We are expecting a colony from Mississippi during the present month. There is also some prospect of a German colony from Illinois. This is an interesting country to many of means and energy. The state school lands in Horden are good. The county is excellently watered and the timber growth is sufficient for all firewood purposes. The country is well situated about fifty miles north of Colorado City. The county's population is about 1500. We want a railroad.

TEXAS NEEDS AND WANTS.

QUANAH, HARDEN COUNTY.—There is an unusually good field here for a press brick maker. The clay is near to town, and of a superior quality. Exporters who have tested the material agree that it equals St. Louis clay.

QUANAH, HARDEN COUNTY.—Quannah offers a first-class field for a steam laundry. Such an enterprise will receive good support. Quannah ought to have a first-class postoffice business. The present quarters are inadequate for the business done here, and are uncomfortable for the postal force.
